

Warsaw, 18.07.2022

Dear all,

The Charity Foundation of Małgosia Braunek "Badz" alongside the Blyzkist collective and the support of many friends, has been actively raising funds to purchase medical supplies for hospitals in Ukraine since the start of the war. We act in partnership with volunteers of the Armed Forces and Territorial Defense of Ukraine who, on behalf of specific hospitals, update the lists of medicines and medical equipment necessary to save lives.

We are also in touch with non-governmental organizations supporting Ukraine, thanks to which necessary supplies go to the ones the most in need. So far, we have organized the great help for the military hospital in Chernivtsi and the Veterans Base Home hospital in Kyiv.

Unfortunately, the war in Ukraine is still going on. Both humanitarian aid and that directed to refugees (also those staying in Poland) are very much needed, and the Foundation's financial resources do not allow us to continue to help as much as we could afford in March, April, and May.

Donation levels in June to supply hospitals in Ukraine have dropped rapidly. We are able to send one more shipment from the funds we have left.

Nevertheless, we are still in touch with our friends in Ukraine, we know how much help is still needed. We are also active in Warsaw, developing a program dedicated to integration and assistance to those in need in Poland - [Let's be close/Будьм близько](#). More on that below.

If any of you would like to support us NOW with a donation, we will be grateful for each payment to the foundation's account, with the money transfer subject titled "Ukraine":

**MALGOSIA BRAUNEK FOUNDATION BADZ
69 1090 1870 0000 0001 5032 4816**

Our regular activities can also be supported on Patronite.pl <https://patronite.pl/Badz>

In total, from March this year to this day, we have managed to send aid to Ukraine worth:

- over PLN 600,000;
- PLN 430,000 of the whole amount was in a form of financial donations, thanks to which we were able to organize a total of 15 means of transport to Ukrainian hospitals, buy medical equipment, medicines and equipment for rapid surgery needed to save lives;

- the rest came to us directly in the form of in-kind material donations.

But that's not all! Due to the great needs and enormous commitment of the Foundation's members and friends from Poland and abroad, we have also co-organized:

- transport of 4 trucks with medical and other equipment, distributed from Modlin;
- assistance in the transport of medications and food for diabetics;
- special assistance for injured soldiers in immediate danger of life, the drugs we provided were life-saving;
- support in the transport of drugs and specialized funds from the United States, provided by Father Ron Schmidt through our Foundation. With the support of Michelle Noordhof and MEDAT, two pallets of medications and specialist supplies are on the way, worth a total of \$15,000 for Terebovlya Central District Hospital;
- we are currently assisting in the purchase of materials and raw materials for the production of life-saving equipment, which will be produced in Ukraine

In March and April, we also organized two large fundraising meetings, prioritizing the needs of mainly women and children from Ukraine, currently staying in Poland. During the April meeting, we have already prepared and presented a project draft of long-term supporting and integrating activities for refugees and women refugees, which was greatly appreciated.

Currently, we are working with great commitment and hope to obtain funds to support our activities in Ukraine. We want the Foundation's statutory activities related to the improvement of health and education to be combined with activities for the integration and support of refugees in need.

We want to create a place in Warsaw where classes and meetings will support a sense of security and solidarity. That is why we are asking you for help! We launched our profile on Patronite, primarily with the intention of renting the space for our activities:

Patronite.pl <https://patronite.pl/Badz>

Thanks to your constant contributions, we will be able to meet freely in an open space, organize solidarity meetings, and support groups and integrate both at the level of activities dedicated to refugees and all those in need of support.

Enjoy the hospitality of "Otwarty Jazdów" from June to the end of August this year. Temporarily, we meet in the garden of the Rider's cottage on 10/2 with the program [Let's be close/Будьм близько](#).

The Foundation co-creates this holiday project with the Blyzkist collective. As part of it, we offer:

- Free physical activity and art classes for children from 3 to 12 years old from Poland and Ukraine (with a Ukrainian language translator) held once a week;
- Free online psychological consultations in Ukrainian throughout the entire holiday period;
- Integrative, Sunday cycle cooking combined with learning about the culture of Ukraine - Cook, eat, explore! / Готуй, їж, знайо!

More about the project here: <https://fb.me/e/3dJ3pCOOg>

We hope and are already planning to continue the project this autumn as well. However, we need financial support to pay for the rental of space, animators, translators, psychologists and coordinators. Organizing such a project without external subsidies and donations is beyond the capabilities of our Foundation, the more so as we continue to continue our activities related to education, support and people suffering from oncological issues.

That is why we sincerely ask you for help and financial support. The smallest donation to the Foundation's account, subscription to Patronite, or transfer from the "Support Us" tab on fundacjabadz.pl website will help us to carry on.

You have never let us down and we know that it will be the same this time!

All our activities to follow: www.fundacjabadz.pl. [Facebooku](#) [Instagramie](#).

In the summary of our actions, we cannot fail to thank people and institutions without whom nothing we write about could have happened. So thank you:

- To all private donors who trusted us and transferred their funds to help since February. Thank you for every donation!
- We would like to thank the members and friends of the Małgosia Braunek "Be" Foundation, their families for their endless commitment to helping, as well as the employees and volunteers gathered around the Museum of Modern Art in Warsaw, with whom we conducted an aid campaign together from the outbreak of the war to May. We would like to especially distinguish: Coco Kate, Taras Gembik, Joanna Jakubowicz, Kaja Kusztra, Orina Krajewska, Sonia Kieryluk, Anita Nowińska, Krzysztof Nowiński, Maria Nowakowska, Juliana Zagurska, Tetiana Skrypnyk.
- We thank [Zen Peacemakers](#) and all the donors at White Plum Sangha for their tremendous financial support for our activities.
- [ROKPA INTERNATIONAL](#) thank you for the donations in kind.
- The [Riders Express](#) transport company, for the fact that we could always rely on them. They were with us and have been with us since the first transport of drugs and medical equipment to Ukraine.

- Punks who were in the [Pogłos](#) club in Warsaw during the "Punk dla Ukraina fest. 1 and 2 "(March 13th and April 9th), by selling tickets and gadgets, collected and donated to us over PLN 17,000.
- [Smolna Club](#) for a fundraiser during "Smolna & Fundacja" "for Ukraine", an event organized on June 3rd this year.
- We would like to thank the [Podróżnych Ugościć](#), Antek Mantorski, [Grupa Granica](#), Teatr Lesi, and the [Chlebem i Solą Foundation](#), for their irreplaceable help in transport and cooperation in the most difficult moments.
- [Adyen](#) Company for in-kind donations in the form of medical internships (specialist tourniquets) worth PLN 20,000.
